

Reject Higher Health Costs for Marylanders

Maryland hospitals already fill nearly \$300 million of Medicaid's budget

Adding to the Medicaid Deficit Assessment drives up every patient's hospital bill

Assessment already raises each bill by nearly 2%

Higher assessment threatens Maryland's Total Cost of Care Model negotiations with Medicare

Model brings \$2 billion in federal funding to Maryland each year

How you can help:

Reject a hike to the Medicaid Deficit Assessment and new actions that threaten the future of Maryland's Total Cost of Care Model.
