Collaboration in Care Planning

Empowering Patients and Providers at
All Stages and in All Settings

The Maryland Hospital Association invites hospital leaders to a forum on how to better integrate advance care planning into care delivery and improve access to necessary documents and tools. Through the forum, attendees will:

- Obtain a broad understanding of available tools and models to ensure patients' wishes are respected throughout the care continuum
- Learn about community-wide partnerships promoting patient-centric advance care planning practices
- Understand user needs and state activities to progress access to advance care planning tools
- Identify common challenges, opportunities, and focus areas for state-wide efforts
