

PROVISTA CAPITAL IMAGING PROMOTION

SIEMENS HEALTHINEERS - DIAGNOSTIC AND ONCOLOGY CT EQUIPMENT.

Contract number: XR0323

The expenses that come with a CT scanner always pose a certain amount of risk, particularly to smaller institutions. In routine CT imaging, it is not just about providing answers to patients, but also about running a business.

We developed the SOMATOM® go.platform to help you achieve daily success. As a member of this family, SOMATOM® go.Now comes with workflow and usability innovations that improve efficiency independent of the individual user's level of experience. It delivers great results for routine scanning. And a completely redesigned service model combined with an innovative workplace design helps reduce costs.

Whether you are looking to replace your previous system or just starting out in CT imaging, SOMATOM go.Now addresses your needs when it comes to routine operations. It makes high-quality care accessible and helps you run a successful CT business - allowing you to keep an eye on profitability and stay competitive.

Promotional Offer

Purchase a New go.Now CT or other quarterly promotions CT scanner under the Terms and Conditions of, and during the P3 2019 quarterly promotions. Savings during the quarterly promotions on the NEW go.Now CT are estimated at \$48,664 or greater, depending on the system and final quote configuration. Savings are based on the difference between the current contract tier price and the quarterly promotion system price. Data on file.

SIEMENS HEALTHINEERS - GENERAL RADIOGRAPHY EQUIPMENT.

Contract number: XR0384

Radiography is an everyday touchpoint between patients, referring physicians, and your institution. Their perception of you can enhance - or hinder - your success. Failure to offer digital imaging can harm your reputation and your ability to compete. That's why we want to help you transform care delivery with an imaging fleet fitted to your needs.

Our answer for floor-mounted radiography is MULTIX Impact: High-end technology at an economical price to improve access to care. Its user-friendly imaging system, state-of-the-art detectors, and optimized imaging and post-processing help you improve both workforce productivity and clinical operations.

With MULTIX Impact, you can produce excellent images with ease and in a more personal way - for a positive impression on everyone involved. Motivated, confident employees create a better patient experience, making it easier to meet your patient satisfaction goals. And high quality diagnostic results delivered on time help you build trusted, long-term relationships with referring physicians.

Promotional offer

Purchase a New MULTIX Impact radiography system or other quarterly promotion radiography system under the Terms and Conditions of, and during the P3 2019 quarterly promotion. Savings during the quarterly promotion on the NEW MULTIX Impact are estimated at \$31,198 or greater, depending on the system and final quote configuration. Savings are based on the difference between the current contract Tier price and the quarterly promotion system price. Data on file.

SIEMENS HEALTHINEERS - ACUSON ULTRASOUND EQUIPMENT.

Contract number: XR0434

Higher patient volumes, larger patient sizes, limited diagnostic certainty. In the face of these trending challenges, you need a reliable ultrasound system that can consistently deliver high-quality images across disease states - a system with optimized accessibility, expanded applications, and ease of use.

Created with these needs in mind, the ACUSON Juniper empowers you to image every patient, knowing you have the clinical information necessary for confident decision-making. Small on the outside, yet big on the inside, the system is designed to adapt to your everyday clinical and workflow challenges.

When form and function meet, the result is the ACUSON Juniper, an ultrasound system that is smaller, more powerful, and capable of accommodating virtually all patients.

Promotional offer

Purchase a New ACUSON Juniper ultrasound system or other quarterly promotion ultrasound system under the Terms and Conditions of, and during the P3 2019 quarterly promotion. Savings during the quarterly promotion on the ACUSON Juniper are estimated at \$8,252 or greater, depending on the system and final quote configuration. Savings are based on the difference between the current contract tier price and the quarterly promotion system price. Data on file.

SIEMENS HEALTHINEERS - MOBILE C-ARMS EQUIPMENT.

Contract number: XR0532

Increase the competitiveness and surgical versatility of your institution by introducing innovative imaging technologies into your OR - with Cios Fusion. Equipped with our Full View FD technology and unique Retina Imaging Chain with IDEAL (Intelligent Dose Efficiency Algorithm) dose reduction, the mobile C-arm provides large, crystal-clear, distortion-free images at the right dose. Showing even the smallest anatomical details in sharp quality, Cios Fusion can increase confidence in image interpretation and thus help you increase the quality of care.

Cios Fusion's compact and lightweight design enables your staff to easily move the system wherever they need it. They can even control it directly via a remote user interface from within the sterile field, resulting in increased precision and time savings. In addition, by providing cutting-edge technologies for advanced surgical care, your institution can increase its attractiveness to both patients and staff.

Promotional offer

Purchase a New Cios Fusion C-arm system or other quarterly promotions C-arm system under the Terms and Conditions of, and during the P3 2019 quarterly promotions. Savings during the quarterly promotions on the Cios Fusion are estimated at \$11,552 or greater, depending on the system and final quote configuration. Savings are based on the difference between the current contract tier price and the quarterly promotion system price. Data on file.
